

AureoLife

COLLEZIONE 2025

Expressions of the Italian olive.

Pure extra virgin olive oil releases and a small collection of olive-oil specialities, produced in Calabria for AureoLife.

CALABRIA / FAMILY TRADITION SINCE 1934

THE HOUSE

A house is known by what it chooses to preserve.

AureoLife is an Italian olive-oil house. Its 2026 collection is produced for the house in Calabria by a fourth-generation family mill - a relationship defined by precise production, disciplined selection and respect for the character of the olive.

A family tradition in olive cultivation and milling since 1934.

PRODUCT OF ITALY

Calabria is not a backdrop. It is the discipline behind the oil.

In Feroleto Antico, between the Tyrrhenian coast and Calabria's interior mountains, AureoLife's production partner works within an olive-growing tradition carried through four generations.

Dual-cultivar EVOO / 500 ml

The line between perfume and structure.

Carolea gives AureoLife's black bottle its Calabrian centre. Coratina is introduced for the dual-cultivar composition, bringing a second register to the blend. The exact cultivar composition, harvest information and analysis will be reported from the finished 2026 lot.

CERTIFIED-ORGANIC EVOO / 500 ML / 2026 RELEASE

*One cultivar.
Nothing to hide.*

Monocultivar EVOO / 500 ml

CAROLEA / MONOCULTIVAR

Carolea, expressed in the singular.

Carolea is the defining cultivar of AureoLife's red monocultivar release. Its finished 2026 tasting note will be written only after production, batch analysis and sensory evaluation.

01 Monocultivar

Carolea only

02 Pure EVOO

Certified-organic release

Collector bottle

Batch-specific harvest information, analysis and sensory notes will be published after production.

Two bottles. One conversation.

Two pure EVOO expressions presented together: one centred on Carolea, the other composed with Coratina.

THE DUO

A gift for those who notice the difference.

The black bottle composes Coratina with Carolea. The red bottle presents Carolea alone. Together, they reveal the distinction between composition and singularity.

THREE INVITATIONS TO THE TABLE

Not novelty. A change of register.

Each speciality begins with extra virgin olive oil produced for AureoLife in Calabria. Lemon, chili and truffle ingredients are selected and sourced separately for their quality and character.

- | | | | | | |
|----|-------------------------|----|---------------------------|----|----------------------|
| 01 | Italian Lemon | 02 | Calabrian Chili | 03 | White Truffle |
| | A bright, lifted finish | | A measured savoury warmth | | An aromatic depth |

Final legal food names and ingredient declarations appear on each product label.

THE DISCIPLINE BEHIND THE BEAUTY

Precision is the quiet luxury.

For Carolea, the production protocol sets exact parameters from harvest through storage. AureoLife will publish finished-lot information after the 2026 production is complete.

01 **Within four hours**

Harvest to processing

02 **25 C extraction**

Controlled cold extraction

03 **20 minutes**

Short malaxation

04 **Filtered**

After extraction

05 **Under nitrogen**

Stainless-steel storage

06 **Temperature controlled**

Protected until bottling

These documented parameters apply to the Carolea production protocol. Finished-lot composition, analysis and sensory notes will be published for each 2026 AureoLife release.

AUREOLIFE GIFTING

The gesture should
be as considered
as the gift.

The Duo presents two pure EVOO expressions. The Infused Collection brings Italian Lemon, Calabrian Chili and White Truffle together in a gift-ready box. Both are conceived for private celebrations, hospitality and considered client appreciation.
